

Q: Do you have any worries about dating someone who's older than you?

Just answer the question!

Take the question seriously!

Oh,
I'm not
really a
sissy

but
2 weeks ago
was her 25th
birthday
anniversary

I had
to compromise
with a birthday
gift but...

17th FEBRUARY

She pulled
my hand
and said
"It's alright"

Because
that I'm still a
student and it's
difficult to work training
and that was over and
finally find after
I graduate.

That's
what I like
about her!

Do you have any concerns about dating someone younger than you?

That must be hard on you?
